# Problem Statement

Design and set up a robust data warehouse using IBM Cloud Db2 Warehouse. Bring together data from various sources to unlock valuable business insights. Perform advanced data integration and transformation effortlessly. Empower data architects to explore, analyze, and deliver actionable data for informed decision-making!

# Problem Definition

The project involves designing and setting up a robust data warehouse using IBM Cloud Db2 Warehouse. The objective is to bring together data from various sources, perform advanced data integration and transformation, and provide data architects with the tools to explore, analyze, and deliver actionable data for informed decision-making. This project encompasses defining the data warehouse structure, integrating data sources, performing ETL (Extract, Transform, Load) processes, and enabling data analysis.

# Design Thinking Overview

- **Data Warehouse Structure**
- **Data Integration**
- **ETL Processes**
- **Data Exploration**
- **Actionable Insights**

# Design Thinking

## Data Warehouse Structure:

Define the schema and structure of the data warehouse to accommodate various data sources.

# Design Thinking

## Data Integration:

Identify data sources and design a strategy to integrate data seamlessly into the data warehouse.

# Design Thinking

## ETL Processes:

Plan and implement ETL processes to extract, transform, and load data into the warehouse.

# Design Thinking

## Data Exploration:

Design queries and analysis techniques to empower data architects to explore and analyze data.

# Design Thinking

## Actionable Insights:

Focus on delivering actionable insights by enabling informed decision-making based on data.

The background features abstract geometric shapes in shades of orange and brown, primarily located in the corners. In the top right, there is a large, light orange circle and a smaller, darker orange circle. In the bottom left, there is a large, light orange circle and a smaller, darker orange circle. The text "Thank You" is centered in a bold, dark brown font.

**Thank You**
